

Price:

- \$42,600 USD

Engine:

- John Deere - 3029HI530 - Tier 4 Final (75 hp)

Pump:

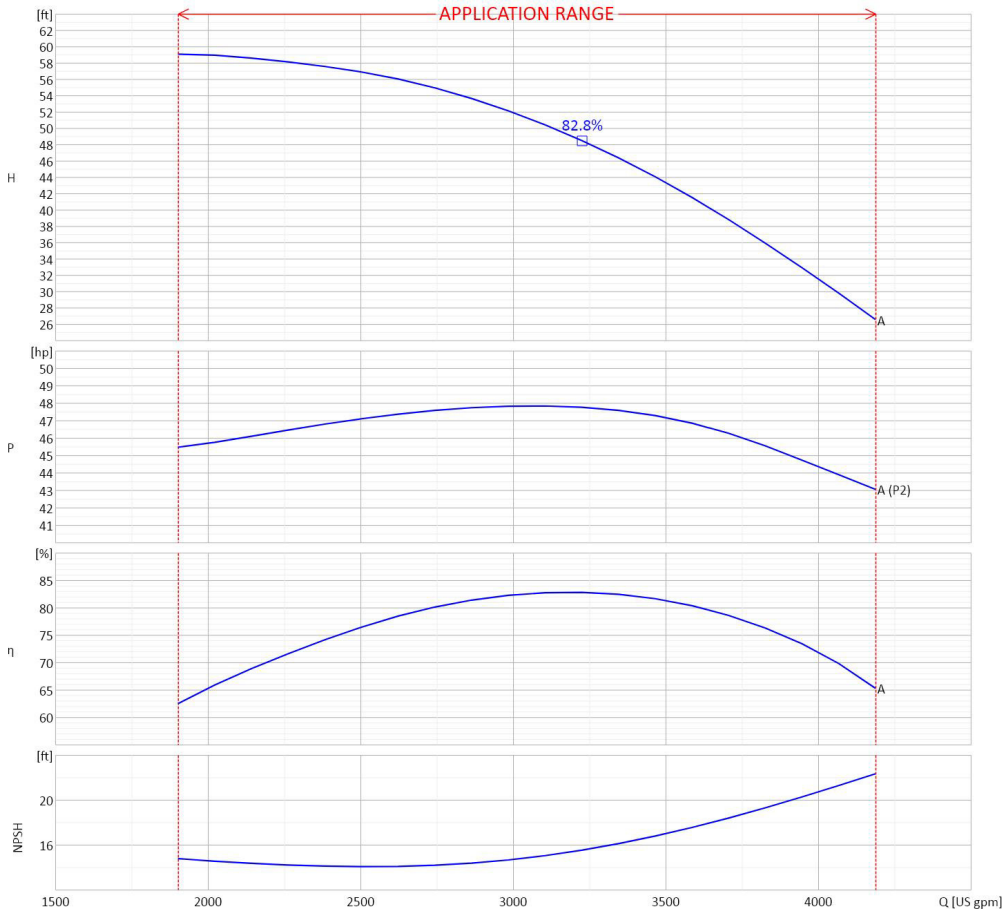

- Caprari BHR 250
- 4000 GPM @ 40ft

Overview:

The 10" suction by 10" discharge, electric starting diesel pump provides up to a maximum of 6000 gallons per minute pumping and up to 60 feet of head. With a USA EPA tier 4 certification, this machine represents a new generation of cleaner diesel fuel. This pump is usually mounted on a trailer and features EasyMOP control panel with automatic pressure and speed control.

Performance Curves:

Standard Features:

- 12-volt auto start electric control panel
- SAE-Mounted
- Flex coupled to diesel engine
- 24-hour capacity fuel tank
- Runs dry unattended
- Cast iron wet end with enclosed impellers
- 10" Steel goose neck discharge

Specifications:

- Maximum Flow: 6000 GPM
- Maximum Head: 60 feet
- Fuel tank: 111 gallons
- Fuel consumption: 2.3 gph @ 2,600

Options:

- Silent sound enclosure
- Suction crane
